

VINACAPITAL SENIOR EXECUTIVES HONORED AT “VIETNAM EXCELLENCE SUMMIT 2023”

VinaCapital’s senior management was recently honored at the Vietnam Excellence Summit 2023 sponsored by Anphabe. Don Lam, CEO and Founding Partner, was recognized alongside Brook Taylor, CEO, Asset Management, and Andy Ho, Chief Investment Officer, with the award for "Vietnam Leadership Excellence 2023" in the “People Champion” category.

This award recognizes our leadership’s commitment to staff development, particularly attracting and retaining the right people and developing and nurturing the next generation of company leaders. In making the award, the organizers noted the range of training and development programs we offer to help staff learn and grow professionally as well as support and promote wellness.

Our management’s approach to human resources has not only helped VinaCapital successfully navigate the economic ups-and-downs over the past 20 years, but also laid a very strong foundation for continued sustainable growth for the next 20 years.

We would like to thank the program organizers and partners for this award. We would also like to express our appreciation to our staff for their continued support, dedication, and hard work, which have contributed to VinaCapital being one of the country’s leading investment management companies as well as the employer of choice in the industry!
